

Remanufactured OEM Gasoline Fuel Injectors & Fuel Injector Seal Kits

- Injectors Meet or Exceed OEM Specifications
- State of the Art Remanufacturing Facility
- Complete Line Available - Import & Domestic
- GDI Fuel Injectors and Seal Kits
- Coverage from 1968 - Current
- 148,000+ Applications
- 1,500+ SKU's
- 24 Month, Unlimited Mileage Warranty
- 48 Hour Rebuild & Return Program

Premium Remanufactured Diesel Fuel Injectors

Ford Power Stroke 6.0L Injector P/N: 722-506 & 722-507

- New Solenoid & Connector
- New Precision Ground Spool Valve
- New Plunger Return Spring
- New O-rings & Seals
- Meets or Exceeds OE Specifications

GM Duramax 6.6L LLY Injector P/N: 732-501

- New Fitting & Filter Assembly
- New Solenoid Nut
- New Precision Nozzle Assembly
- New O-rings & Seals
- Meets or Exceeds OE Specifications

GM Duramax 6.6L LB7 Injector P/N: 732-502

- New Solenoid
- New Fitting & Filter Assembly
- New Precision Nozzle Assembly
- New O-rings & Seals
- Meets or Exceeds OE Specifications

Dodge Cummins 5.9L Injector P/N: 712-501 & 712-502

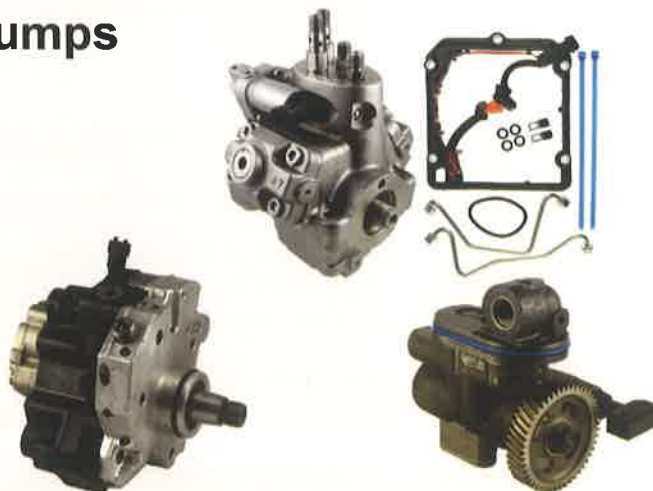

- New Solenoid
- New Precision Nozzle Assembly
- New Control Valve
- New O-rings & Seals
- Meets or Exceeds OE Specifications

See our 2025 Diesel Catalog for a complete list of injector applications.

Remanufactured High Pressure Oil Pumps & Fuel Injection Pumps

- Chevrolet/GMC 6.2L, 6.5L, & 6.6L Duramax Fuel Injection Pumps, 1982-2010
- Dodge Cummins 5.9L & 6.7L Fuel Injection Pumps, 1989-2018
- Ford 6.0L, 6.4L, 6.7L, 6.9L, & 7.3L High Pressure Oil Pumps and Fuel Injection Pumps, 1983-2018

Remanufactured Diesel Electronics

Injector Driver Module (IDM) 1994-2003 Ford Power Stroke 7.3L

- Modules are Completely Disassembled and Tested
- All Faulty Components are Replaced with New
- Module Case is Modified and Updated to Prevent Water Intrusion, a Common Failure Mode
- 24 Month, Unlimited Mileage Warranty

Fuel Injection Control Module (FICM) 2003-2010 Ford Power Stroke 6.0L

- Completely Disassembled and Tested on GB's Proprietary Vehicle Simulator
- Boards are Upgraded to Prevent Common OE Failures
- All Faulty Components are Replaced with New
- Preprogrammed and Ready to Install
- 24 Month, Unlimited Mileage Warranty
- 48 Volt OE Replacement and Upgraded 58 Volt FICM's Available
