Motorcraft® Extend

Air Filters

Quality parts for miles. And miles.

Motorcraft continues to deliver trusted, quality parts for Ford, Lincoln, and Mercury vehicles across their lifecycle. Motorcraft Extend expands that offering with value-driven solutions designed specifically for late lifecycle vehicle lines, helping keep vehicles on the road longer with confidence and at a price that fits their stage of life.

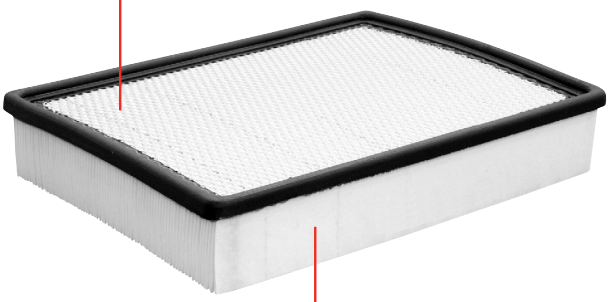
OE-Backed

Designed and known for highly engineered construction, no compromises, no guesswork. Engineered to demanding standards to help ensure proper filtration.

- **Filtration Performance:** Captures damaging debris and helps prevent engine wear*
- **Durability:** Resin-infused media helps resist deformation or collapse under heat and moisture
- **Moisture Resistance:** A weather-resistant coating helps protect filter integrity
- **Engineered for a Proper Fit :** Designed to help optimize capacity, efficiency, and sealing right out of the box
- **Reliable Protection:** Multi-fiber, high density media helps protect against dust, dirt and soot
- **Consistent Airflow:** Pleat lock glue bead feature allows pleats to “lock” into place for consistent airflow and less restriction**
- **Longer-Lasting Performance:** Embossed pleats and pleat stabilization beads help filter trap more dirt and last longer**

Excellent Filtration

- *High-density media helps protect engine against dust and dirt*
- *Built to strict engineering standards*



Excellent Performance

- *Excellent performance under most operating conditions*
- *Designed to enhance capacity and efficiency*
- *Engineered for reliable operation*

Built to Keep Your Business Moving

From daily drivers to high-mileage vehicles, Motorcraft Extend helps you deliver reliable air filter repairs, keeping Ford, Lincoln, and Mercury customers coming back to your shop.
